Date of Use: _____ Times: _____

Activity: _____

Operator: Requested* Provided

Delivery: Request Delivery* Will Pick Up

Return: Date: _____ Returned By: _____

Andy is an excellent public relations tool and an effective way to “get the message out” to elementary aged children. Like all robotronics (electronic robots) Andy is quite fragile and needs to be **HANDLED WITH CARE!** Operators need to be familiar with his operation prior to the event(s). Operators **MUST** read the Operations Manual available on our website, prior to use.

Council wishes to thank Centre, Clinton, Juniata & Mifflin County residents, along with the PA Department of Health Bureau of EMS for providing funds to make this project a reality.

By signing below, you and your agency agree to be responsible for any damage, excessive of normal wear and tear, to or caused by “Andy” while under your control. Any damaged or defective equipment will be reported to council by the end of the next business day. Council can be reached by phone or E-mail.

Signature of Agency Official Title Date

***Requests for Council to provide an operator and/or delivery-pick up will be reviewed and approved as resources are available**
